

1th Workshop of the Alliance of Research and Teaching for Sustainability in South Tyrol

– Klimaplan Südtirol 2040 –

Date: Tuesday, 21 November 2023
Time: 09:00 – 17:00
Location: EURAC Research, Viale Druso 1, Bozen-Bolzano

Aim: The overall aim of this workshop is to get an overview about which research areas are currently covered by the members of the alliance, and in which areas further research is needed in order to contribute to the implementation of the Klimaplan Südtirol 2040 (and to other SDGs). Thus, the workshop should ideally reveal research topics that shall be investigated by the alliance in joint research projects, for which we will then look for funding.
